## Reading Self-Evaluation

Please look at your Reading Folder and check out the books you have read since \_\_\_\_\_.

- Are you choosing similar books?
- Are they all the same genre?
- Are they just right books?
- Have you abandoned a lot of books?
- Did you forget to read at home many times?
- Did you forget to bring your book to school?
- Look back over your response log. Reread what you and I have written since the beginning of the grading period. Are you pleased with your journaling?

Now think about how you have answered these questions. Write a letter to me telling about yourself as a reader. Use the questions I have asked to help you write this letter.
